Annals of the Association of American Geographers

PAGE

Administrative-Territorial Evolution of the USSR as a Guide to the Nation's Economic Development (abstract), by Theodore Shabad 154
Aerial Photo-Identification Keys for Rural Settlement Features (abstract), by Clyde F. Kohn 160
Age of the World's Larger Cities, The Distribution and (abstract), by Clarence B. Odell .. 139
Akron, Ohio, Some Major Aspects of the Geographic Pattern of (abstract), by James R. Beck 137
ALEXANDER, JOHN W., Expansion of Manufacturing Belts in the United States, 1939–1947 (abstract) 164
————————, Manufacturing in the Rock River Valley—Location Factors 237
Alpine Austria, The Evolution of Settlement in (abstract), by George W. Hoffman 140
American Barley Production, A Study in Agricultural Geography, John C. Weaver (a review), by John H. Thompson 89
American Covered Bridge, The (abstract), by Fred Kniffen 144
American Geography in the Eighteen Fifties and Sixties (abstract), by John K. Wright .. 151
American Grassland, The Climate of the Central North, by John R. Borchert 1
Another New Population Dot Map of the World (abstract), by Clarence B. Odell 136
Antarctic Mapping and Aerial Photography (abstract), by Finn Ronne 158
Approach in Political Geography, The Functional (presidential address), by Richard Hartshorne 95
Arctic Development, West Greenland: Model for (abstract), by Trevor Lloyd 131
Atoll, The Economic Geography of a Micronesian, by Raymond E. Murphy 58
Austria, The Evolution of Settlement in Alpine (abstract), by George W. Hoffman 140
Baker, Oliver Edwin, 1883–1949, by S. S. Visher and Charles Y. Hu 328
Basins of Southern Wyoming, Problems of Grazing Administrations in the (abstract), by Wesley Calef 132
BAULIG, HENRI, William Morris Davis as a Master of Method (abstract) 134
————————, William Morris Davis: Master of Method 188
BECK, CAROLYN W., Sydney, Nova Scotia: a Geographical Expression of Localized Industry (abstract) 139
BECK, JAMES R., Some Major Aspects of the Geographic Pattern of Akron, Ohio (abstract 137
Benefit-Cost Ratio: a Guide to Resources Development, The Theory of the (abstract), by Gilbert F. White 133
BORCHERT, JOHN R., The Climate of the Central North American Grassland 1
Bowman, Isaiah, 1878–1950, by George F. Center 335
Bridge, The American Covered (abstract), by Fred Kniffen 144
BRYAN, KIRK, The Place of Geomorphology in the Geographic Sciences (abstract) 134
————————, The Place of Geomorphology in the Geographic Sciences 196
———————— (arranged by), Symposium on Geomorphology in Honor of the 100th Anniversary of the Birth of William Morris Davis 171
CALEF, WESLEY, Problems of Grazing Administration in the Basins of Southern Wyoming (abstract) 132
————————, The Winter of 1948–49 in the Great Plains 267
Calumet Region of Northwest Indiana and Northeast Illinois: the first Stage of Occupance —The Pottawatomie and the Fur Trader, 1830, Circulation and Settlement Patterns of the (abstract), by Alfred H. Meyer 142

CARLSON, ALBERT S., Steel for New England (abstract) 166
CARTER, GEORGE F., Isaiah Bowman, 1878–1950 335
Cartography, Geomorphology, and Aerial Photography (abstracts) 157
Census of Geographic Serials, A (abstract), by Chauncy D. Harris and Jerome D. Fellmann 151
Central Iowa County, Some Features of Early Woodland and Prairie Settlement in a, by Leslie Hewes 40
Central North American Grassland, The Climate of the, by John R. Borchert 1
China, Ten New Precipitation Maps of (abstract), by Charles Y. Hu 150
Chinook Winds in the Colorado High Plains Region, Frequency and Physical Effects of, by Ronald L. Ives 293
Chinook Winds in the Colorado High Plains Region, Frequency of (abstract), by Ronald L. Ives 146
Circulation and Settlement Patterns of the Calumet Region of Northwest Indiana and Northeast Illinois: the First Stage of Occupance—the Pottawatomie and the Fur Trader, 1830 (abstract), by Alfred M. Meyer 142
Cis-Appalachian South in Terms of Settlement Landscape, Where the South Begins: the Northern Limit of the (abstract), by Wilbur Zelinsky 145
Cities, The Distribution and Age of the World's Larger (abstract), by Clarence B. Odell 139
Climate Near the Ground, The, R. Geiger (a review), by Wallace E. Howell 358
Climate of the Central North American Grassland, The, by John R. Borchert 1
Climatic Geomorphology, The Geographic Cycle in Periglacial Regions as it is Related to, by Louis C. Peltier 214
Colorado High Plains Region, Frequency and Physical Effects of Chinook Winds in the, by Ronald L. Ives 293
Colorado High Plains Region, Frequency of Chinook Winds in the (abstract), by Ronald L. Ives 146
Colombia, The Personality of Popayán, (abstract), by Raymond E. Crist 138
Concepts of Slope Development Viewed in the Light of Recent Quantitative Investigations, Davis' (abstract), by Arthur N. Strahler 135
Conservation Districts, The Rapid Spread of Soil (abstract), by W. A. Rackie 147
Conservation in the Douglas Fir Region, Forest (abstract), by John C. Sherman 148
Contribution to Education for Resource Management, The Geographer's (abstract), by Lillian Worley 131
Cotton Belt, Two Centuries of Soil Erosion in the Piedmont (abstract), by Arthur R. Hall 149
COTTON, C. A., Tectonic Relief (abstract) 133
————, Tectonic Relief 181
Cotton Production Areas in the Southeastern States, Quantitative Factors in Delimiting (abstract), by Merle Prunty, Jr. 161
Covered Bridge, The American (abstract), by Fred Kniffen 144
CRESSEY, GEORGE B., *Natural Regions of the USSR,* L. S. Berg (a review) 168
CRISLER, ROBERT M., Lewis F. Thomas, 1887–1950 351
CRIST, RAYMOND E., The Personality of Popayán, Colombia (abstract) 138
Cultural and Settlement Geography (abstracts) 140
CUMBERLAND, JOHN H. and WALTER ISARD, New England as a Possible Location for an Integrated Iron and Steel Works (abstract) 165
Cycle in Periglacial Regions, The Geographic (abstract), by Louis C. Peltier 135
Davis as a Master of Method, William Morris (abstract), by Henri Baulig 134
DAVIS, CHARLES M., *The Invasion of New Zealand by People, Plants and Animals,* Andrew Hill Clark (a review) 357
Davis' Concepts of Slope Development Viewed in the Light of Recent Quantitative Investigations (abstract), by Arthur N. Strahler 135
Davis' Concepts of Slope Development Viewed in the Light of Recent Quantitative Investigations, by Arthur N. Strahler 209
